IFF Global Kosher Policy

At IFF, Kosher compliance is rooted in core principles of Jewish (Torah) law. We are fully committed to meeting Kosher standards and requirements set forth by the relevant recognized Jewish authorities for Kosher certified materials and production processes. Our promise is to always meet all on the safety or quality requirements of any product as it is our responsibility to protect our customers, consumers, and communities.

We demonstrate our commitment to our customers, employees, suppliers, and shareholders as follows.

- Monitoring the integrity of Kosher products on the compliance with the Jewish (Torah) law.
- Reviewing and approving the Kosher compliance of raw materials and formulas by necessary administrative controls.
- Operating stringent internal controls over raw materials, processing aids, production, processing, handling, packaging, and storage for the conformance to Kosher requirements to maintain high quality standards.
- Holding ourselves accountable for taking corrective action or any other action necessary in the event of any Kosher nonconformity detected at any stage of product manufacturing.

To support our Kosher management systems, we provide leadership guidance and resources. Through collaboration, empowering people, acting responsibly, and with integrity, we inspire a culture of ownership for Kosher among all employees and third parties in our value chain to meet our performance expectations.

Sincerely,

IFF Global Quality
